

PACKAGING HYGIENE

Objective:- To check the packaging hygiene while picking with the existing packaging norms.

Action Points:- Below are the action points and Udaan Field executive will start checking these points after **20-Dec-2019** while picking the shipment, in case of Non-Adherence they will be liable to rejecting the shipment. Please go through the slides for more insight on it.

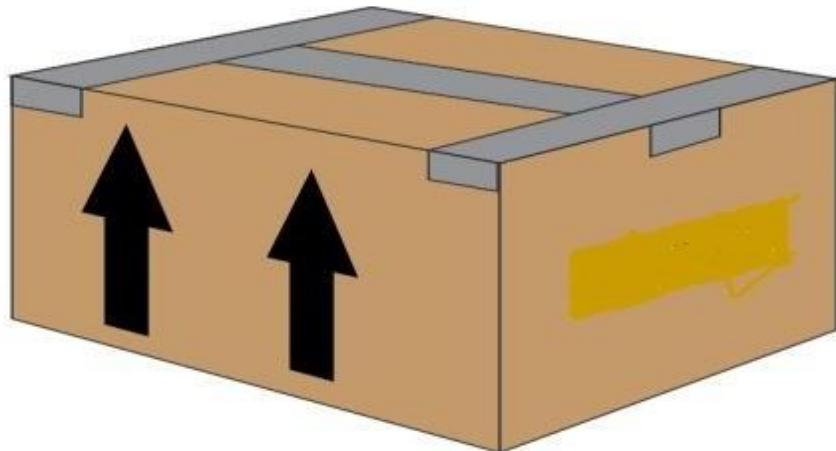

- **There should not be any taping on the pouches, including Udaan tape.**
- **Inner contents should not be visible/coming out of outer packaging for any sort of packaging.**
- **In case of gunny bag and jute bag there should not be any visible hole/bag should not be torn at any part of it.**
- For boxes Shipping label should be taped with transparent tape across the length and width, **do not use POD jackets to place the invoice for boxes**
- Other brand packing (if product is not belonging to that brand) should not be used for packing Udaan shipment.
- There should not be any bulging (boxes)/ Over stuffing (Pouches)
- Taping on the boxes should be such that it covers all the edges
- Invoice jacket should be placed inside the attached invoice jacket for pouches
- Shipping label to be placed in jacket stitched with the gunny bag and jute bags
- **Pls do not use jute bag other than steel shipment**
- Mouth of gunny bag and jute bag should be properly stitched/closed with seals
- Seller can use Udaan shipping labels that can be pasted directly on the shipment **(except jute bag)**

- There should not be any taping on the pouches, including Udaan tape

- Taping on the boxes should be such that it covers all the edges

The "H" Taping Method

- Inner contents should not be visible/coming out of outer packaging in any short of packaging
- In case of gunny bag and jute bag there should not be any visible hole/ bag should not be torn at any part of it
- Pls do not use jute bag other than steel shipment

- Other brand packing (if product is not belonging to that brand) should not be used for packing Udaan shipment

➤ There should not be any bulging (boxes)/ Over stuffing (Pouches)

➤ Shipping label to be placed in jacket stitched with the gunny bag and jute bags

➤ Mouth of gunny bag and jute bag should be properly stitched/closed with seals

Pasting Shipping Label

Seller can use Udaan shipping labels that can be pasted directly on the shipment (except jute bag)
